

Allotment Update November 2011

The allotment has recently begun another transformation. This November we have been busy planting trees. We have planted trees to create a story circle that the whole school will be able to use later on in the year.

We have also been busy extending our composter; we have built a third section so that we can continue to 'make' our own compost for use on the allotment.

Additionally we have been busy planting our seeds for us to be able to harvest later on in the year. We needed to clear out the weeds and the remaining plants from last year first of all though. We have planted a wide range of seeds and have our fingers crossed for a bumper crop in 2012!

Thanks to all who have helped on the allotment to continue to help it to grow! Please have a look at the pictures below to see the transformation in action.
