

Christmas Market 2010

This year the children held a Christmas Market in the hall to sell presents that the children in Years 5 and 6 had made and those that had been generously donated to the school. The children had a wonderful time selecting gifts for family and friends and are looking forward to giving the presents to the people that they were bought for. Please have a look at the pictures to see the Christmas Market in full flow!

Many thanks to all of School Council for organising and running the day and of course to everyone who donated items.
