

Spinners Web!!!

By, Tom, Daniel, Zachary,
Eleanor and Lauren!

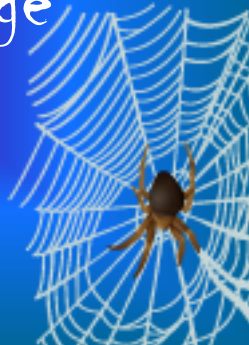

What does it do?

- Extreme Action Packed
 - For all the family (except your granny)
 - Not for the faint hearted
 - Spins as fast as lightning
- Changes direction at the flick of a switch!

Have you ever seen a ride that...

- Is on top of a cafe
- Changes direction
- Is actually a web
- The owner squirts an occasional blast of water
- 100% recycled / Natural
- Will be opened by the duke and duchess of Cambridge
(Kate & William)
- Finally... Is NOT for your granny

Here it is!

The spinner herself,
in her web.

Seat belts for
added safety.

Our epic slogan.
It's not for
your granny

It wobbles
and rotates in
all directions.
FUN!
