

## Strawberry Surprise!

We have had a bumper crop of strawberries this year in our allotment. Children have been excitedly picking the juicy red fruit ready to be given to the school kitchen and EACH Hospice for Foodshare. So far we have given 3 punnets to our school kitchen and 3 punnets to Foodshare. There are many more strawberries to come!

Every harvest is weighed so that we know how much produce we are donating to Foodshare.

This is our wonderful team of Head Gardeners with our first strawberry harvest.

The first strawberries were used as part of a delicious fruit salad for our school lunches.
