

Milton Country Park

In April, Year 1 went to find the perfect place for Orsen the Alien to land his spaceship. We went to meet Chris in the 'wild area' at Milton Country Park and had a fun filled morning of activities.

We made a shelter for the Alien to keep warm and dry.

We made transmitters to contact his family back on planet Org.

We also had Alien stories around the camp fire and then we explored the Country Park to find the landing spot.
